in this Attainment. The chela, in peace and gentleness and one-pointedness, must step upon the Path alone. As Jesus intimated, the people of the Kingdom of Heaven are our Friends; all others are but phantoms that engage our attention and keep us from going through the gateway to the Kingdom.

Beloved children, let Me assure you that this seemingly steep and narrow pathway leads to ultimate Freedom; leads to peace, contentment and service unto all. Few there are of outer thought and emotion who find it.

My love and gratitude, dear fellow travelers on this Sacred Path, enfolds you each moment of its way.

ADDRESS BY THE BELOVED EL MORYA

I greet you, beloved ones, in the Name of the Will of God which is goodness of every description (even surpassing the present understanding of the human mind). Did He not create you and your fellowman in His own Image and Likeness and confer upon you the powers of creative activity (thought, feeling, spoken word and action)? Did not this same God of Kindness give to you ALL the life you should choose to invoke and use for whatever your individual intelligence should elect? Did not this God withhold His very counsel, allowing you to play with life, thus learning the Law of Cause and Effect?

Mankind, for the most part, have confused the Will of God with their own returning destructive karma, bending their heads to the blows of 'fate' and attributing such 'blows' to the Will of God. PREPOSTEROUS!

The Will of God is to see all His children re-established in their God-Mastery of energy, vibration and constructive control of the powers of precipitation. To this end, the Karmic Board sometimes allows (not sentences) an individual to a strenuous life in order that such an individual, applying for the opportunity to redeem his energies, might experience those particular facets of human distress and thus learn consciously not to create any more such causes that (as the ebb and flow of the tides are inexorable) must of necessity return to their creator. Then we have the experience of a so-called 'trying life', and the individual, in self-righteous submission, often misuses the phrase: "Whom the Lord loveth, He chasteneth."

The Will of God is to awaken the soul, sleeping among the tides of the masses and constantly played upon by the effluvia of the disembodied, to a realization that the Divine Heritage for every man is to rise ABOVE the capacity to create causes of discord and to USE THE SACRED FIRE OF PURIFICATION AND MERCY (the Violet Transmuting Flame) to dissolve, not only the effects, but the inner and more subtle causes of distress.

IT IS THE FATHER'S GOOD PLEASURE TO GIVE YOU EVERY BLESSING OF HIS KINGDOM - and more besides - to give you the blessing of becoming conscious co-creators of the Kingdom of Heaven on Earth. It is the Will of God to raise all belonging to this evolution and those imprisoned in this evolution from other planets and systems to Gods and Goddesses once again. It is the Will of God that the natural powers of precipitation, levitation, etherealization, invocation, etc. be used by ALL His children. The manifold blessings that will

fill, not only the personal world of such an one who will accept the Divine Heritage, but also the entire human world, will help in this restoration.

Because certain ones among God's children have voluntarily chosen to experiment with their powers of creation and thus evolve limitations which press back upon them by the natural Law of the Circle, it is no reason for them or others to call this reaping of a bitter harvest the Will of God!

Because certain among God's children have voluntarily offered to accept the responsibility of dissolving their own entire destructively qualified karma in one embodiment, thus qualifying for the Ascension, or to accept the greater responsibility of racial, religious, national or planetary karma as 'their gift to life', is NO REASON TO CALL IT GOD'S WILL, nor to feel resentful, bitter or distressed at the temporary discomfort.

THE WILL OF GOD IS GOOD! THE WILL OF GOD IS OPULENCE! THE WILL OF GOD IS PERFECT HEALTH IN BODIES THAT DO NOT SHOW THE MARKS OF DECADENCE, DECAY, AND FINALLY SUCCUMB TO SO-CALLED DEATH! Witness the life on other planets for the Truth of My words. It is not the intent of those of Us who have the beautiful opportunity of expressing God's Will to stand idly by and allow mankind to blame their own misuse of life, with its ultimate recoil (unless transmuted) upon a GOOD GOD!

It is Our Divine Purpose, having foresworn Nirvana, to actively and positively project the remembrance of the Divine Concept for every life-stream into the outer consciousness. To this end, We use the spoken and written word, the picture, the example. Many are Our chelas (some entirely

unconscious of Our Presence and direction) who help Us in this service.

Darjeeling is ideally situated for the study of the astronomical bodies and their effect upon the Earth. In the foothills of the Himalayas, far enough from the 'beaten track' to discourage all but the hardiest of 'tourists', the very atmosphere is unpolluted with the average thoughts and feelings which follow an accepted, though often erroneous, pattern.

For over 1000 years, this Focus at Darjeeling has stood, although the present buildings are of later architecture. Because of My interest in interstellar space (dating from the time of Babylon) Our Lord Maha Chohan suggested that this focus be established here, in the beautiful upper atmosphere where the cool and inspiring radiation of the Himalayas could stimulate the spiritual senses and wisdom of the Brothers and Sisters of God's Will. This, of course, was done.

As you will remember, one of the towers of the Retreat which is presently used by My humble Self, is dedicated to such a study of the stars and planets and their effect upon the Earth. Here are priceless charts which will one day be released for the illumination of the peoples of Earth as well as for their protection in their forward progress through the Cosmos.

Within the central hall of Our Retreat, I have endeavored to duplicate the beautiful spiritual vision of My Brother, Kuthumi - the Taj Mahal.

As you have been told, My private drawing-room opens off this hall, and here you are invited

often to visit with Me, reminiscing over past sweet associations as well as present accomplishments.

The Council Chamber where the Spiritual Hierarchy gather to offer Their full-gathered cosmic momentum of good to forward an interest, knowledge and participation in doing God's Will on Earth, has been especially prepared for Our honored Guests.

It is Our deep and sincere prayer that, during the thirty days while Our Retreat is open, there may be some LIGHT which enters the outer consciousness and minds of the people as to just what God's Will is for them. Angels of Lord Michael's Court will dispel the fear of God, the Karmic Board, eternal judgment and damnation, as well as acceptance of every type of calamity as the Hand of God. When man realizes that he (not God) is the creator of his own miseries, we shall move forward toward the establishment of Freedom's Star.

Beloved El Morya's address is concluded in Bulletin No. 32. (see page 162)
